*Proceedings of the Madras Government, Revenue Department,
24th April 1866.*

No. 368. Read the following Proceedings of the Board of Revenue, dated 26th March 1866, No. 2,134.

Read the following letter from the Acting Collector of the Kistna District, to the Secretary to the Board of Revenue, dated Bezwada, 6th February 1866, No. 46:—

1. With reference to the Board's Proceedings of the 21st July last, No. 4,235, I have the honor to forward herewith a Supplemental Statement, shewing the amount of compensation due to the Inámdars based on the rules allowing of ten per cent. of land in excess of that entered in their Title Deeds.

2. The original extent of the Ináms of eighty-six of the Inámdars entered in the Statements forwarded with Mr. Thornhill's report of the 13th October 1864, to whom this compensation is due, is A. 815 and G. 4, as entered in the Title Deeds issued by the Inám Commissioner and the village accounts. This proved on survey to consist of A. 868 and G. 30, that is A. 53 and G. 26 over the original extent. Out of this the land taken up for public works is A. 90 and G. 4. In the case of twenty-five individuals, the excess over ten per cent. allowed, is A. 9 and G. 5, which being deducted from the above A. 90 and G. 4, leaves A. 80 and G. 39. But as A. 43 and G. 13 have already been assigned, there remains A. 37 and G. 26 to be given over to the Inámdars. This extent of land, the several Tahsildars in whose Talooks the Ináms exist, have been ordered to assign to the Inámdars from the available Government lands at an assessment of Rupees 46-2-3, which is at the rate fixed by the Inám Commissioner, and with reference to that of the adjoining lands.

3. The amount of compensation due to the Inámdars for past Fuslies on account of the loss of produce, is Rupees 249-1-0, for the payment of which I request the Board will be pleased to obtain the sanction of the Government.

4. This sum can be met from the amount entered in the Public Works Department Budget for the official year 1866-67, on account of compensation for lands taken up for public purposes.

ENCLOSURE No. 1.

ABSTRACT.—Supplemental Statement shewing the compensation due to the Inámdars whose lands have been taken up for channels prepared with reference to the Board's Proceedings, dated 21st July 1865, No. 4,235.

1. Ordered that the foregoing letter and the Supplemental Statement of compensation due to Inámdars for lands taken up for public purposes in the Kistna District, be submitted for the information and approval of Government, in continuation of paragraph 4 of the Board's Proceedings of the 21st April 1865, No. 2,016.

2. In answer to the Board's inquiry as to the principle on which these cases of compensation had been determined, the Collector reported* that, on the amalgamation of the late Masulipatam and Guntur Districts, the practice prevailing in the latter District of deducting the whole of the excess land found on survey to be in possession of the Inámdar, was followed in the new Kistna District in determining the compensation to be

given for Inam land taken up for Government channels, or other public purposes. The Board observed that the Inamdars thus circumstanced should not be less liberally dealt with than other Inamdars, who under the rules are allowed to retain without charge ten per cent. in excess of the quantity of land entered in his Title Deed. They accordingly directed the Collector to submit a Supplemental Statement of the compensation which would be due to the Inamdars, if each were similarly held to be entitled to ten per cent. in excess of that entered in his Title Deed.

3. In pursuance of these instructions, the Acting Collector has now sent up a Supplemental Statement embracing the case of eighty-six of the Inamdars who were included in the Statements already laid before Government. The entire holding of these eighty-six Inamdars appears to be 815 Acres and 4 Guntahs according to the extent entered in their Title Deeds; but it was found on actual survey to be 886 Acres and 30 Guntahs, or less than ten per cent. in excess of the registered area, and the Collector has now rightly taken this surveyed area as the basis of calculation. Of this area of land the extent actually taken up for channels, and for which compensation was claimable, was 90 Acres and 4 Guntahs; out of which 9 Acres and 5 Guntahs have to be deducted in the case of twenty-five individuals whose land was found to be by so much in excess of the additional ten per cent.; so that the extent for which compensation was due was reduced to 80 Acres and 39 Guntahs. As 43 Acres and 13 Guntahs had been already previously assigned to the Inamdars concerned, there remained only 37 Acres and 26 Guntahs to be made over, for which the several Tahsildars have been instructed to make over an equal extent of available Government land, bearing an assessment of Rupees 46-2-3, being the full assessment value of the occupied land at the rate fixed by the Inam Commissioner with reference to the scale of the adjoining lands.

4. The money compensation due for loss of produce in past years is Rupees 249-1-0, which the Acting Collector reports may be met out of the amount entered in the Public Works Budget for 1866-67, on account of compensation for lands taken up for public purposes.

5. The Board approve the Acting Collector's arrangements, and recommend that the compensation proposed be paid in the manner pointed out by him.

No. 369.

ORDER THEREON, 24th April 1866, No. 958.

Miscellaneous.

The arrangements made by the Acting Collector under the Board's orders are approved, and payment of compensation amounting to Rupees 249-1-0 is sanctioned.
