*Proceedings of the Madras Government, Public Works Department,
19th April 1866.*

No. 411. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 14th April 1866, No. 4,916:—

1. With reference to the Order of Government No. 1,070, dated 7th April 1866, I have the honor to observe that I ordered the immediate commencement of the road leading from Mahindravaddy to Sholinghur Railway Station (Bannavarum).—Firstly, because the season was favorable for obtaining labor.—Secondly, because the Collector had allotted 1,000 Rupees out of the present year's Local Fund for the purpose; and thirdly, because I felt confident that the Government would not withhold their sanction to the construction of a road, so strongly recommended by those on the spot, and it seemed desirable not to lose any time.

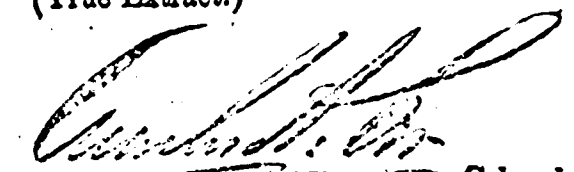

2. The fact is that I acted, erroneously I confess, upon the letter of the old Rules, which authorized the Collector and Civil Engineer "to proceed with works at their discretion without waiting for orders," only provided that "in the case of masonry or timber works estimated to cost more than Rupees 2,500, the plans and estimates were to receive the approval of the Chief Engineer (with whose powers Superintending Engineers are now vested) before the commencement of the work."

No. 412. ORDER THEREON, 19th April 1866, No. 1,226.

LOCAL FUNDS, No. 59.
Civil Works.

Communicated to the Revenue Department, with reference to the Orders in that Department, No. 765, dated 28th March 1866.
