No. 428. Read the following Proceedings of the Board of Revenue, dated 23rd April 1866.

Read the following letter from the Collector of Madura, to the Secretary to the Board of Revenue, dated Madura, 17th April 1866, No. 129:—

1. Since my last report, dated 31st ultimo, No. 112, there has been no change to any extent in the state of the season. Some rain fell on the Palany hills, which furnished a small supply of water to a few villages near the foot, and a fall of rain occurred in two or three villages only at the same time, which benefited the garden cultivation in them only, the rest of the District got no rain.

2. The heat is very great, but there are no signs of any distress among the people, and prices are not rising; there is abundance of grain in the District, and no export of it.

Submitted for the information of Government.
