1

*Proceedings of the Madras Government, Revenue Department,
26th April 1866.*

No. 432. Read the following Proceedings of the Board of Revenue, dated 18th April 1866, No. 2,698:—

Read again letter from the Collector of the Kistna District, dated 16th January 1866, recorded in Board's Proceedings, 6th February 1866, No. 878.

Read also the following from the Collector of the Kistna District, to the Secretary to the Board of Revenue, dated Repalli, 21st March 1866, No. 94:

Forwarded to the Board, with request that the plan sent in by Mr. Marjoribanks may be passed. The smaller and less expensive Cutcherry is well adapted for the purpose of a Station Cutcherry, but is hardly suitable for an office for a Superintendent, and for the custody of cash.

From the Deputy Collector in charge of Salt Department, to the Collector of the Kistna District, on Circuit at Repalli, dated Nizampatam, 16th March 1866, No. 55.

1. With reference to Mr. Chase's letter, dated 16th ultimo, No. 151, forwarding copy of Board's Proceedings of 6th idem, No. 878, regarding the construction of a Salt Cutcherry at Manginapudi, I have the honor to observe that I consider the plan circulated with Board's Proceedings, dated 26th June 1865, No. 3,523, as very well adapted for a Salt *Station* Cutcherry, but not quite suitable for a Salt *Division* Cutcherry.

2. The former is erected at the entrance of a platform, and is an open building. Every one having business on the platform must pass through the building. There is always much noise and bustle in carrying salt in and out, especially when the Brinjaries come. All this would distract the attention of the Superintendent and his subordinates, when engaged in their more quiet duties of preparing accounts, &c. The cash chest also, I think, should not be left in so exposed a building.

3. I trust, therefore, the Board will be pleased to pass the estimate for the Division Cutcherry at Manginapudi, already submitted to them, which is proposed to be built of good and strong material, and on a plan to withstand the violence of the weather in so exposed a situation as at Manginapudi.

4. I beg to add that I have not lost sight of the Board's Orders of the 26th June. I have taken advantage of the improvements sanctioned to the Bantumilly platforms to erect Station Cutcheries on each platform after the Madura plan, and on an inexpensive scale, and I hope gradually, as funds are available, to have them on every platform under my charge.

1. Ordered that the foregoing letters, with the plan and estimate referred to therein for a Salt *Division* Cutcherry, be submitted for the sanction of Government.

2. The building is urgently required, as business is now carried on in an insecure palmyra thatched hut.

3. The Deputy Collector reports that the Madura plan has been already adopted for the Station Cutcheries on the Bantumilly platforms, and that as funds become available such inexpensive buildings will be gradually erected on all the other platforms.

No. 433. ORDER THEREON, 26th April 1866, No. 989.

Separate Revenue, No. 20.
Salt.

Approved.

No. 878.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 6th February 1866.

Read the following letter from T. A. N. CHASE, Esq., Acting Collector of the Kistna District, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Gudiwada Taluk, 16th January 1866, No. 20 :—

1. I have the honor to transmit, herewith, copy of a letter from the Superintending Engineer, Second Division, together with a plan and estimate, amounting to Rupees 1,860, for constructing a Salt Cutcherry at Munganapooddy Kotaur in this District.
2. The former Cutcherry was blown down during the cyclone, and now an insecure palmirah thatched hut is used; a new Cutcherry is very necessary, for there are constant sales of salt at Manganapooddy, and there is no other safe place for keeping the cash chest.
3. I, therefore, request that you will be good enough to obtain the sanction of Government for the same.

ENCLOSURE No. 1.

From Lieutenant-Colonel G. V. WINSCOM, R. E., Superintending Engineer, Second Division, to T. A. N. CHASE, Esq., Acting Collector of the Kistna District, dated Nellore, 9th January 1866, No. 183.

With reference to your letter, No. 108, dated 26th October last, I have the honor to forward a plan and estimate, amounting to Rupees 1,860, for constructing a Salt Cutcherry at Munganapooddy Kotaur, near Gocarum, prepared as therein requested, for submission to Government, through the Board of Revenue.

1 Detailed Estimate.
1 Abstract do.
1 Specification Report.
1 Plan.

(True Copy.)

(Signed) T. DHARMAROW MOODELLY,
Deputy Collector.

ENCLOSURES Nos. 2 and 3.—Plan and Estimate.

Before recommending the above proposal for sanction, the Board desire to know why a Cutcherry on the plan* adopted in Madura cannot be constructed, it being simple and inexpensive, and found to answer in that District, and moreover being approved of by the Police.

* Circulated with Board's Proceedings, 26th June 1865.
No. 3,523.
