Proceedings of the Madras Government, Revenue Department,
19th October 1866.

Read the following letters :—

No. 477. From the Honorable C. PELLY, Member of the Board of Revenue, to the Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 14th August 1866, No. 1,966.

1. With reference to the accompanying letter from the Acting Deputy Accountant General, dated 8th August 1866, informing, that as the Government of India have sanctioned the District Postal Establishments, reserving the savings to be effected by any transfer of minor lines to the General Post Office, my exceptional power of revision has lapsed, and that the re-distribution of the savings should be formally sanctioned by Government, I have the honor to request that the sanction of Government may be granted for the revised distribution of the District Postal Establishments as shewn below. A copy of the Statement of the revised establishment is also herewith forwarded.

2. The entire cost of the establishment, as sanctioned by the Government of India, amounts to Rupees 9,945½ per month, and the saving expected to be effected by the transfer of the mails on certain District Post lines to the Runners of the General Post, as originally stated by me, amounted to Rupees 395. In calculating this saving, the cost of any extra establishment that might be required for connecting the District with the General Post on the transfer of the mails could not be provided for then. The provision on this account and other minor alterations, which became necessary in the transfer after submitting the Tabular Statement to Government with my letter, dated 10th October 1865, amounted to Rupees 197. The actual saving, therefore, amounts toRupees 198. I did not anticipate that special sanction of the Government would be necessary in carrying out these anticipated

changes, as long as the cost of the revised establishment is within the amount sanctioned by Government.

3. I have forwarded a copy of the Statement of the revised establishment to the Postmaster General for any suggestions he may wish to offer, and further changes may still be needed in the establishment, if that Officer should make any suggestions for the abolition of any more District Post lines. Should any such changes be made, they will be reported to Government.

No. 478. From the Honorable C. PELLY, Member of the Board of Revenue, to the Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 5th October 1866, No. 1,982.

With reference to the Official Memorandum from the Under Secretary to Government, Revenue Department, dated 4th October 1866, No. 123, I have the honor to state, for the information of Government, that the Postmaster General has only the other day* forwarded his suggestions, (copy of which is now enclosed,) on the revised scheme of Postal Establishments; but as this letter does not shew decidedly the alterations needed, I intend circulating it to the Collectors for their opinion, before submitting to Government my final list of the alterations to be made in the establishment allowed for the Talook, &c., and the lines to be still abolished and newly opened. As soon as the replies of the Collectors are obtained, no time will be lost in submitting the finally altered scheme. In the meanwhile, I have the honor to solicit that instructions may be issued to the Accountant General to pass the charges of the establishment according to the revised distribution already communicated to Government in my letter of the 14th August last.

FROM
THE DEPUTY ACCOUNTANT GENERAL, MADRAS.

To
~~THE~~ Honorable C. Pelly
Member of the Board of Revenue.

SIR,

With reference to your letter No. 1928 dated 31st May last to address of the Collector of Nellore, I have the honor to point out that, as the Government of India finally sanctioned the taling tappal Establishment in Financial resolution 1419 dated 29th March last and therein carefully reserved the savings to be effected by any transfer of minor lines to the General Post Office, your exceptional power of revision has lapsed, the savings caused by such transfer are not now open to redistribution, and the increase you propose can only be sanctioned in the ordinary way by this Government and be reported in the ordinary statement of new charges for the sanction of the Supreme Government. I have therefore to recommend that Government be addressed to sanction the arrangement pending which the charge will be held in suspense.

I have the honor to be,
Sir,
Your most Obedient Servant,

Sir

With reference to your letter No. 1967 of the 14th Ultimo, and previous letters on the subject, I beg to forward two lists marked A and B of the stations and roads on which both Regular and District Post Establishments are maintained, at present.

A shows the stations at which both Regular and District Post Offices are maintained. This list also shows the Regular Post Offices in connection with which District Letter Carriers have been employed recently. It now remains for the Collectors to name the stations at which the District Post Offices may be abolished without inconvenience. I shall be prepared to recommend the employment in connection with the Regular Post Offices

office of District Letter Carriers at all such stations, where they have not already been employed should they be required.

List B. shews the roads over which both Regular and District Post runners appear to be employed at present, and it will be perceived that there are but few such roads; but in the absence of very reliable District maps shewing these Estabts I am not certain if all such lines appear in this list. In the case of even those entered in the list except the line between Chittenpore & Chicacole I am not positive whether the Regular and District runners travel on the same road. The Collectors will doubtless be able to clear all doubts on these points. I have directed the Superintending Postmaster 1st Division to arrange in communication with the Collector of Ganjam for the Regular Regular Runners relieving the District Post Runners between Chittenpore and Chicacole at once, and shall be prepared to issue similar instructions when the doubts referred to are removed as regards the other lines named in the list.

I have the honor to be
Sir
