Proceedings of the Madras Government, Revenue Department,
23rd October 1866.

No. 533. Read the following Proceedings of the Board of Revenue, dated 18th October 1866 :—

Read letter from Mr. BARWELL, dated 17th October 1866.

1. Submitted to Government, through the Examiner of Claims, with the Board's request that the Superintendent of Marine may be instructed to provide Mr. Barwell with a passage in the "Berar," and to make those special arrangements to ensure his comfort on board, which his state of health absolutely requires.

2. Under the terms of his engagement with the Secretary of State, Mr. Barwell is entitled to a "second class passage to England, and all necessaries for his accommodation at sea," in the event of his being compelled from ill-health to quit the Government service and return to England, as is unfortunately the case.

3. Mr. Barwell has done his work most zealously and conscientiously; his health has been sacrificed to it; his conduct has given the most complete satisfaction to all the Officers under whom he has worked, and in consideration of his good conduct and service, of the unfortunate and premature termination of his engagement, and of the serious, if not irreparable injury which his health has suffered, the Board specially request that the Government will be pleased to grant him pay to the end of this calendar year, and to authorize the Accountant General to pass the amount to him at once.

4. The Board are aware that Mr. Barwell has been put to considerable expense for medical attendance, and that the failure of the Bank in which he had deposited his earnings has placed him to some extent in pecuniary difficulties, but they consider that what they have asked is no more than a fitting recognition of his good service.

5. The Board request the favor of early orders, as the time before the "Berar's" sailing is very short.

No. 534. Order thereon, 23rd October 1866, No. 2,860.

Miscellaneous.

1. Sanctioned.

2. Mr. Barwell will be furnished with a copy of paragraph 3 of the Board's Proceedings, in which the Government fully concur.

I hereby certify that Wm Barrille has been suffering for more than two months from disease of the liver and that the state of his health is such as to require his immediate return to Europe by the Cape route. His illness has not been brought on by his own misconduct or careless ness.

and right Lung —

The Ship "Bear" at present in the Roads and bound for England has an experienced Surgeon and offers the best opportunity for his going to Europe likely to occur for some time.

I am of opinion that special Arrangements should be made for his Comfort on Board ship as the delicate state of his health requires more indulgence than is usually afforded to second class passengers

Sir

I beg respectfully to enclose a Medical Certificate recommending my immediate departure for England, and to request that you will be good enough to forward it to Government with your kind recommendation that a passage may be procured for me on the "Bear" which ship is expected to sail hence at the latter end of this month

I further request that my pay may be disbursed to me up to the date of my embarkation, or for such other period as the Government may consider me deserving of, to enable me to obtain such comforts for the voyage as my present state of health needs.

I exceedingly regret that I

I am not able to complete my term of service, but I trust that the officers under whom I have served during the last 2¼ years will bear testimony to the manner in which I have performed the duties for which I was engaged.

I beg to remain
