29th October 1866.

No. 665. Read the following Proceedings of the Board of Revenue, dated 10th October 1866, No. 7,299 :—

Read the following Proceedings of the Madras Government, dated 14th September 1866, No. 2,463, Revenue Department.

ABSTRACT.—Communicating Resolution of Government of India, Home Department, regarding adoption of measures for ensuring preservation of Great Trigonometrical Survey Stations.

1. The Board observe that instructions were issued to Collectors, in Miscellaneous Circular, No. CLI., dated 1st November 1865, for the due preservation of all the Grand Trigonometrical Stations, and for the punishment of offenders under Section 434 of the Penal Code; but that as some difficulty was experienced in a few Districts in identifying these stations, the Superintendent of the Great Trigonometrical Survey, Calcutta, was requested to furnish the Board with a list of all the stations in this Presidency; and that Officer has stated, in his reply noted in the margin, that he intends deputing agents to visit the several stations, to execute what repairs they require, and to place them under the protection of the head officers of the villages in which they are respectively situated; and that the extent of assistance that will be required from District Officers will merely be to send officials with the said agents to point out the proper persons to receive charge of the stations, and to prosecute any one wilfully injuring the same.

Dated 4th January 1866, No. ⅓.

2. The Superintendent's reply, above alluded to, has been communicated to all Collectors (Board's Proceedings, dated 18th January 1866,) with an intimation that further instructions will hereafter be sent on its being intimated to the Board that the Trigonometrical Survey Agents are about to enter the Districts. A copy of the Board's Proceedings has been furnished to the Superintendent for information.

3. Under the above circumstances, any instructions to the Collectors at present would appear to be unnecessary.
