No. 46. Read the following Proceedings of the Board of Revenue, dated 31st October 1866:—

Read the following letter from the Superintendent of Marine, to the Secretary to the Board of Revenue, dated Madras, 30th October 1866, No. 4,039.

1. I have the honor to inform you, with reference to the Proceedings of Government marginally noted, that on applying to the Agents of the "Berar" for a second class passage to London, for Mr. Barwell, they intimated their inability to furnish one, but offered a first class passage for 900 Rupees, liquor being paid for separately.

23rd October 1866, No. 2,860.

2. I have conferred with the Commander of the vessel on the subject, and he assures me that he has no available space in which to place a second class passenger.

3. I presume therefore, that under these circumstances, a first class passage must be supplied, and if the Revenue Board request me to do so, I will arrange accordingly.

4. The "Berar" leaves on the 7th proximo.

---

1. As Mr. Barwell's state of health is such as to render his immediate departure from India absolutely necessary, and as the Government are bound to provide him with a passage, the Board presume that there is no alternative but to accept the Agents terms, as they learn that there is no other vessel now sailing for England that carries a Surgeon, and medical attendance and treatment is indispensable for Mr. Barwell.

2. The terms stated appear to the Board very exorbitant, and the Superintendent of Marine is requested to bear in mind, that the charge for liquor must be borne by Government however the matter may be arranged.

No. 47. ORDER THEREON, 2nd November 1866, No. 2,974.

Miscellaneous.

If a second class passage is not procurable, and Mr. Barwell's state of health is such as to necessitate immediate departure for England, viâ the Cape, there is, as the Board remark, no alternative. The sum demanded for a passage in the "Berar," is certainly very high.
