Proceedings of the Madras Government, Revenue Department,
14th January 1867.

No. 219. Read the following Proceedings of the Board of Revenue, dated 5th January 1867.

Read the following letter from the Collector of Tanjore, to the Secretary to the Board of Revenue, dated Vellum, Tanjore Talook, 1st January 1867, No. 1 :—

1. During the fortnight ending 31st December 1866, the rain-fall has been pretty general in the coast talooks, and slight in all the others, except Puttukottai, where there has been no rain at all during the period under report, and the tanks contain not more than one or two months' supply.

2. The rivers have considerably subsided, but the cultivation under them has so far advanced that there need be no apprehension of any failure of crops this year in the delta.

3. Prices have now a downward tendency, and pasture for cattle is everywhere abundant.

4. Cholera prevails more or less throughout the district as it generally does at this time of the year, but not to any considerable extent. There are no diseases among cattle.
