Proceedings of the Madras Government, Revenue Department,
13th June 1867.

No. 182. Read the following letter from the Officiating Commissioner of Cuttack, to the Secretary to the Government of Madras, Fort Saint George, dated Camp at Pooree, 24th May 1867, No. 262:—

1. The latest reports from Pooree district and Khordah shew a somewhat increased price for ordinary rice, and difficulty in purchasing. Exports from Baupore and Khordah are said to have ceased, owing to cattle and carts being engaged in cultivation.

2. Small-pox and dysentery are prevalent in Khordah, and a fatal epidemic is said to have broken out amongst cattle, otherwise the country exhibits no symptoms of famine or acute distress. Road-works are being pushed on, and all who will work can get employment, those who cannot, get food from the Relief Committee; so far there has been small demand for Government rice, which is freely offered for sale at central golahs. The country is quiet, and the people busy with their cultivation.
