Proceedings of the Madras Government, Revenue Department.
31st July 1867.

No. 609. Read the following Proceedings of the Board of Revenue, dated 13th July 1867, No. 4,377.

Read the following letter from the Collector of Madura, to the Secretary to the Board of Revenue, dated Camp at Periacolum, 6th June 1867, No. 143:—

1. I have the honor to submit, for the favourable consideration of the Board, the proposal of the Manager of the Ramnad Zemindary to obtain (in consideration of the succession of bad years through which the Zemindary has lately passed) the orders of the Board to permit him to pay Rupees 1,00,000, being a portion of the balance due by the estate for the current Fusly within ten months of the following Fusly, similar to the grace allowed with regard to the payment of the arrears of G. O., dated 15th June 1866, No. 1,461, R. D. Fusly 1275, under the sanction of Government conveyed in their Order marginally noted.

2. The Board are aware from Season Reports, &c., that the state of the past season has been worse than that which immediately preceded it. I would, therefore, recommend that the prayer of the Manager may be complied with.

3. Interest will of course be charged for the term of grace.

1. Submitted for the orders of Government.

2. In consideration of the exceptional nature of the late season, the Board recommend that the concession applied for be granted.

No. 610. ORDER THEREON, 31st July 1867, No. 1,750.

Land Revenue

1. The Government are aware that the past season was unfavourable, but they have no reason to suppose that its effects were more marked in the Ramnad estate than in other Zemindaries in the Madura District of which the Peshkush has been regularly paid.

2. In June 1866 a further period of ten months was allowed for the payment of Rupees 1,00,000 out of the Peshkush of the Ramnad estate, amounting to Rupees 3,24,404, due for Fusly 1275, ending on 30th idem, and now a similar term of grace is requested for the same amount of arrears due for Fusly 1276, the effect being to carry the arrear to 30th April 1868, or one month beyond the close of the current official year, or 31st March. It is not stated whether the whole of the arrear for Fusly 1275 was paid off within the term of grace allowed, but the Government assume that this was the case.

3. The present application is entirely opposed to the principles of the permanent settlement, and under ordinary circumstances the Government would have felt compelled to decline to accede to the recommendation in favour of it.

4. But their position in regard to the Ramnad estate, the reversionary right to which is now under litigation, is exceptional, and the Government would be unwilling to appear to press hardly on the present holder.

5. They resolve, therefore, so far to accede to the recommendation of the Collector and Board, as to allow a term of grace for the payment of Rupees 1,00,000, arrears of Fusly 1276, to the close of the current official year, or 31st March 1868 ;

but it must be distinctly understood, and the Collector will expressly inform the defaulter, that this is the last occasion on which any concession of the kind will be made. Hereafter the law must take its course.

For orders.
This is the second year in which the request has been made. The system is directly opposed to the principles of the Permanent Settlement. - If the Government is disposed to grant this concession, it must be granted to all the Zemindars at the close of the last Fusly on 30 June. I have much to say in support of the preceding. I do not think that grace should be granted for the current financial year. It is for the year 1275, and the order of the Board should be accordingly stated that this is the last occasion on which any such concession should be granted. I am, Sir, very respectfully,
Your obedient servant,
J. Wright.
