Proceedings of the Madras Government, Revenue Department,
16th August 1867.

No. 342. Read the following Proceedings of the Board of Revenue, dated 9th August 1867, No. 5,101.

Read the following letter from the Collector of Tanjore, to the Acting Secretary to the Board of Revenue, dated Point Calimere, 20th July 1867, No. 133 :—

With reference to the Proceedings of the Board of Revenue, No.——, dated 13th July 1867, requesting me to state the cause of the small amount of salt sold at Negapatam during the month of May, I have the honor to state that out of the stock of G. 552, M. 389, M. 11 of salt in hand during that month, G. 547, M. 143, M. 8 were not actually in the Vadi, but were scattered in small heaps (called "Ala Iruppu") near the manufacturing pans, the river which runs between the Vadi and the pans being so low and silted up, that it was not possible for boats to bring the salt actually manufactured to the Vadi, and thus allow of its being sold. In future returns I will take care that a foot-note is added, shewing distinctly the amount of salt respectively in the Vadi and in "Ala Iruppu."

Submitted to Government, with reference to Government Order, dated 9th July 1867, Revenue Department, No. 1,523. The Collector is requested to report whether there are no means of deepening the river referred to, without incurring a large outlay.

No. 343. Order thereon, 16th August 1867, No. 1,918.

Separate Revenue, No. 23.
Salt.

1. Communicated to the Department Public Works.

2. It seems desirable that the attention of the Superintending Engineer should be directed to this subject. Every difficulty in the way of the storage and sale of salt at the Negapatam terminus being a matter of importance to the Revenue.
