*Proceedings of the Madras Government, Revenue Department,
10th September 1867.*

No. 177. Read the following Proceedings of the Board of Revenue, dated 29th August 1867, No. 5,587.

Read the following letter from the Acting Collector of the Kistna District, to the Acting Secretary to the Board of Revenue, dated Masulipatam, 13th July 1867, No. 226 :—

In the year 1863, a piece of ground measuring by Survey Acres 1.30 was demarcated as No. 385 and classified as "Be-laick Chondoo Bunjer." A plan of the land, which is in Ponnoor of Bapatla talook, taken from the Survey Ameen's sketch is enclosed; while in charge of the Sub-division several offers were made to me to take up different portions of it for building sites, either (1st) on payment of yearly assessment, or (2nd) by purchase at public auction. As the land has not been, and will not, from its nature, be assessed in the new Settlement accounts, the former method of disposal cannot be adopted, nor does the ground appear to be of the nature of the land contemplated by the rules for the sale of unassessed waste: it has not been reserved for building purposes, and Rule 18 would, therefore, not apply: the other rules seem framed for lands designed for cultivation. It is situated right

between old and new Ponnoor, and ought, as "Be-laick," • therefore, to have been more properly added to and

demarcated as village site. Six persons, five of them Comaties, have made offers to occupy at a ground rent, or purchase outright at auction, building fees. I have the honor, therefore, to request that permission may be accorded to the sale, by auction, of the entire number in convenient lots to be determined by the Sub-Collector.
