Dated 24-5-1867.

No. 400. Read the following letter from the Officiating Inam Commissioner, to the Secretary to Government, Revenue Department, Fort St. George, dated Madras, 13th September 1867, No. 39 :—

1. In August 1866 I submitted, for the favorable consideration of Government, the case of the five individuals* noted in the margin, who were at the commencement of the Commission taken from permanent appointments which they held in the Krishna and Godavery Districts, and the Government were pleased to direct† their names to be circulated to the Collectors of the several districts named by me, in view to their being appointed to permanent posts on the occurrence of vacancies without prejudice to local claims.

2. Of the five persons named by me one, Jogaiya, has reverted to his permanent appointment, which had been kept open for him, and the others are still in my Office, they having accepted, on the abolition of their posts, lower appointments to avoid a break in their service.

3. Besides these men, there are a few more who have rendered equally efficient services in the Commission, and most of whom were likewise taken from permanent appointments. The services of these old and experienced servants are of the greatest importance to the department at the present time, and they are all willing to work till the close of the Commission, provided they have some guarantee for their future employment on any permanent establishment.

4. In one or two instances I was obliged to refuse to spare the services of some of these individuals, when they received offers of permanent appointments, though I certainly felt that it was hard to do so without giving them any guarantee for the future.

5. I annex a list of the persons whose efficiency renders their services valuable to the Commission, and I have carefully distinguished those who joined this department from permanent appointments, from those who held no employ previously, and I trust that the Government will be pleased to direct the Collectors of the several districts to nominate these individuals to suitable posts on the occurrence of vacancies, and to fill up those posts temporarily until I can dispense with their services.

6. The number of servants for whom I wish so to provide is seventeen, and as they will be spread over so many districts, I think that the District authorities will not be inconvenienced, nor local claims interfered with to any appreciable extent.
