*Proceedings of the Madras Government, Revenue Department,
24th September 1867.*

No. 404. Read the following letter from the Collector of the Godavery District, to the Secretary to Government, Revenue Department, Fort St. George, dated Cocanada, 13th September 1867, No. 17:—

With reference to the Proceedings of Government, dated 7th ultimo, No. 1,822,

- * 1. Road from the Bazaar street to the Custom House.
- 2. A wooden wharf, 248 feet long, and revetment of the river with stone in the vicinity of Mr. Legro's house.
- 3. A do. do. 400 feet long, and revetment of the river from Mr. Naunt's godown to the Cocanada bridge.

I have the honor to report that in the Proceedings of Government, dated 7th May 1860, No. 948, the works mentioned in the margin* were sanctioned to be executed from the funds realized by the sale of certain sites in the town of Cocanada; but I find that these works were

not executed, as it is so stated in paragraph 2 of the Board's Proceedings of the 17th June 1865, No. 3,288, recorded in the Government Order, dated 28th June 1865, Revenue Department, No. 1,464. The whole amount that was realized by the sale of sites was Rupees 7,415, and this was made over to the Engineer Department, but Rupees 5,775-15-8 were spent upon other works connected with the improvement of the town, viz., self-acting sluices for draining the town-site into the river, and the remaining Rupees 1,639 were credited to Local Fund under the above-mentioned Order of Government of 28th June 1865, No. 1,464, and were expended

on account of grant-in-aid† for an equivalent amount contributed by the inhabitants of Cocanada for supply of fresh water to that town. I therefore

think that the cost of the work, alluded to in the Proceedings under reply, must have been met from the Imperial Funds. The Local Funds received no other contribution from the sale proceeds of land within the Municipal limits.
