Proceedings of the Madras Government, Revenue Department,
31st December 1867.

No. 407. Read the following Proceedings of the Board of Revenue, dated 28th December 1867 :—

Read the following letter from the Collector of North Arcot, to the Secretary to the Board of Revenue, dated Chittoor, 21st December 1867, No. 348.

1. Adverting to Rule VII. of the Board's Standing Circular, Board No. ^{LXXVII.}_{7,000}, dated 1st November 1865, I have the honor to request their permission to grant remission on Punjab waste for the current Fusly, during the approaching Jummah-bundy.

	RS.	
Chittoor	1,146	2. The probable amount of the
Chendrageri	3,050	assessment on Punjab waste in this
Palmanair	2,463	Fusly is estimated at Rupces 70,000.
Gudiattum	10,267	The Talookwar particulars are given in
Vellore	5,000	the margin.
Poloor	5,248	3. The estimate of waste in the
Wandewash	15,709	Gudiattum Talook has not yet been
Arcot	10,000	received, and the amount entered against
Wallajah	17,117	it has therefore been set down, in con-
	<u>70,000</u>	sideration of the unfavorable reports which have reached me of the agricultural

condition of that talook.

4. As the Board must be already prepared, from the tenor of recent reports, to expect that exceptional indulgence will be necessary in dealing with claims for remission on Punjab land, I have not thought it necessary to enter into any more detailed explanation in this place.

5. It will also be necessary to relax the general rule in respect of Punjab Shavi; and I now beg to request that the Board will give me their general authority to grant remission on losses of the nature in all cases of well ascertained hardship.

6. I am not in a position to give an approximate extent of the loss of revenue from this cause, as every day is but adding to it; but the Board may rely upon my taking every precaution that the indulgence is not abused.

7. As I have observed elsewhere, the occasional relaxation of the rule, even in ordinary years, is beneficial, as it encourages that more hopeful industry which takes its chances of the season however unpromising.

1. The Board authorize the Collector to grant such remissions of the assessment on dry lands, on which the crops have not come to maturity, or which have been left waste, as he may deem advisable.

2. A copy of the Collector's letter will be submitted for the information of Government.

No. 408. ORDER THEREON, 31st December 1867, No. 3,048.

Miscellaneous.

The Board's proceedings are approved.
