Proceedings of the Madras Government, Revenue Department,
21*st March* 1867.

No. 351. Read the following Proceedings of the Board of Revenue, dated 13th March 1867, No. 1,545 :—

Read again Statement of Compensation in lieu of Inams, received from the Collector of Bellary, dated 8th January 1867, recorded in Board's Proceedings, dated 18th January 1867, No. 363.

Read also the following letter from the Collector of Bellary, to the Secretary to the Board of Revenue, dated Camp at Ghooty, 5th February 1867, No. 19.

In reply to the remarks of the Board of Revenue, Proceedings dated 18th January 1867, No. 363, that it is not clear how a grant of dry waste land, assessed at 12 Annas, can be adequate compensation for cultivated wet land, assessed at Rupees $5\frac{1}{2}$, taken for public purposes, I have the honor to state that the selection was made by the applicant himself. The acreage selected was double that resigned, and it was selected in the prospect of being irrigated by the tank-water, under exemption from water-rate. Considering the expense of preparing the land for wet cultivation, the exchange appears fair; compensation of some sort appears fair, whether by actual or prospective reduction of assessment, and it was made in accordance with the wishes of the applicant.

1. Resolved that the foregoing Statement be submitted to Government for sanction.

2. The Board are satisfied with the explanation contained in the second of the above communications.
