PROCEEDINGS OF THE BOARD OF REVENUE, dated 21st March 1867.

Read the following Proceedings of the Madras Government, dated 2nd March 1867, No. 524, Revenue Department:—

ABSTRACT.—Stating that Board have rightly interpreted Goverament Order, relative to introduction of Road Cess in Ganjam district, and that there is no necessity for assessing the cess at a lower rate in Zemindaries than in Government taluks, and desiring Board to bear in mind that proceeds of cess should be employed in locality where it is raised, and that in case of Zemindaries it is specially necessary to insure that they receive their full share of benefits to be derived from expenditure.

---

1. Communicated to the Collector of Ganjam who will observe that the Government are not disposed to make any difference between the rate of Road Cess to be levied from Government lands, and the rate to be levied from Zemindary estates.

2. As the Board believe the charge at the full rate of 3¼ per cent. will not press severely upon either the landholders or their tenants, they request that the Government will be pleased to issue the necessary Notification introducing the cess at this rate into the Ganjam district from the 1st of July next, in order to enable the Collector to call for the necessary lists, &c.

3. On the issue of the Notification, the Collector should lose no time in submitting a Supplemental Local Fund Budget, which should be prepared with due advertence to the concluding remarks contained in paragraph 2 of the Government Order recorded above.
