Proceedings of the Madras Government, Revenue Department, 3rd April 1867.

No. 44. Read the following letter from the Acting Collector of Kurnool, to the Secretary to Government, Revenue Department, Fort Saint George, dated Kurnool, 12th March 1867, No. 15 :—

1. I have the honour to request you will have the goodness to inform me how the amount due to the Madras Irrigation and Canal Company, for water supplied to the town of Kurnool, is to be disposed of.

2. A sum of Rupees 833-5-4 was due for 1865-66, and paid by Mr. Sullivan into the Government treasury, to which the Agent to the said Company objects, and states that it should be paid to the Irrigation Company, as it was not derived from irrigation.

3. The correspondence on the subject permits the Company to charge for water supplied to the town, but it does not afford instructions as to whom it should be paid. The collections for water received from the Company for irrigation are credited to the Company in the Treasury accounts.

4. I shall feel obliged, therefore, if you will inform me whether the same course should be adopted regarding the payment for water not for irrigation purposes, or whether the money should be paid direct to the Company. There is no objection that I see to the latter course.

5. If the Government agree with me, I will at once hand over the Rs. 833-5-4 to the Company and obtain their receipt.

No. 45. ORDER THEREON, 3rd April 1867, No. 774.

Miscellaneous.

1. The Acting Collector is referred to paragraph 4 of G. O. dated 11th January 1865, No. 37, Revenue Department, acquiescing in the proposed arrangement, that the cost of the Company's works for supplying water to Kurnool town should be charged to the Irrigation capital, and the income credited to Irrigation revenue, the entries being made under distinctive heads.

2. The point has not since come under discussion, and the Government at present see no reason for altering the above rule.
