No. 22. Read the following Proceedings of the Board of Revenue, dated 26th April 1867.

Read the following :—

Statement shewing the state of the season in the District of Nellore up to 15th April 1867.

| Rain-fall. | State of the crops and the cultivation operations. | Prices whether high or low, rising falling, or stationary. | Further remarks. |
|---|---|---|---|
| There has been scarcely any rain in the district. | In Kanigiri Talook, Jonna and Sujja are being cultivated in parts by the use of water from the wells; Kesari crop in Kavali Talook are suffering slightly from want of water, and Jonna crop do not promise a good yield. Kesari, Iswaracorra, and Raggy cultivated late in the season are being cut in some talooks. | Prices are high as ever. | Cholera, small-pox, and fever prevail in a few localities. The cattle are healthy except in Kanigiri and Ongole, where murrain is reported to exist. |
