

Kew Botanic Garden

Windsor 20th Sept 1867

Sir

I have the honour to acknowledge the receipt of two (2) copies of a book entitled "Notes on the Propagation and cultivation of Medicinal Cinchona or Peruvian Bark Tree". The present I assure you is highly esteemed, and will no doubt be found of great service in assisting me in the cultivation of the more delicate and, in a commercial point of view, more valuable species of the order a task in which I am at present engaged.

I have the honour to be
your most obedient servant
