*Proceedings of the Madras Government, Revenue Department,
7th January 1867.*

No. 64. Read the following Proceedings of the Board of Revenue, dated 28th December 1866.

Read the following letter from R. A. DALYELL, Esq., M. C. S., to the Secretary to the Board of Revenue, dated Madras, 28th December 1866 :—

1. In accordance with the verbal directions received from you on Monday evening last, I proceeded on Tuesday morning to the late Colonel Temple's chambers, accompanied by Major Hearn. Having identified one bunch of keys as appertaining to the Stamp Office, I took charge of them, and sent directions to Mr. Luxa, the Assistant Superintendent of Stamps, to meet me here this morning.

2. I find the only valuable depositaries in the Office are a double and single iron safe, and an almirah in the Superintendent's room, the strong room down stairs, and the godown containing the stock of water-marked paper. I examined the right-hand side of the double safe, and found it to contain the keys of the strong room and of the safes there kept (two large and six small), the five dies belonging to the presses, the Office seal, the key of the double stamp box, and of the water-marked paper store, the contingent cash, some spare dies out of use, and some security bonds.

3. I did not deem it necessary to examine the other depositaries, said to contain Stamps as noted below; but placed my private seal upon them, as well as upon the right-hand side of the double safe in which I thought it advisable to secure the Stock Books, as also noted below, thirteen in number.

I.
