*Proceedings of the Madras Government, Revenue Department,
21st April 1868.*

No. 448. Read the following Proceedings of the Board of Revenue, dated 13th April 1868.

Read the following letter from the Acting Collector of Cuddapah, to the Secretary to the Board of Revenue, dated Cuddapah, 8th April 1868, No. 54:—

1. I have the honor to submit the following report of the state of the district.
2. No rain has fallen in any part of the district except in the talook of Budwel, where there was a shower on the 2nd instant. It was sufficiently heavy in the northern part of the talook to put a small quantity, enough for a few days consumption, in some of the tanks. There are no crops on the ground at present, and prices continue the same all over the district, as at the date of my last report.

3. The health of the people is unusually good for this time of the year. The only sickness reported is a slight out-break of small-pox at Proddatur, but there have been no deaths.

4. Cattle disease prevails in the talooks of Pullampett, Budwel, and Pulivendla. This disease is known as Saraku. Mr. Thacker has forwarded some powders which have been administered with considerable success in Pulivendla. The segregation of the herds in affected localities is being attended to, and all the measures are being taken which Mr. Thacker suggests.

5. The wells for digging and repairing, which, in Budwel, Government were pleased to make a special grant of Rupees 4,000, have been put in hand, and the success which has attended the measure up to this period is encouraging.

6. The reports from the Kadiri talook represent considerable distress in some localities, but work has now been commenced on the road from Kadiri to Royachoty, and this will, I think, be sufficient, till I am able myself to visit the localities where the distress exists.

7. Should any further measure then appear requisite, I shall at once report to the Board.

Submitted for the information of Government.

No. 449. ORDER THEREON, 21st April 1868, No. 1,053.
