*Proceedings of the Madras Government, Revenue Department,
21st April 1868.*

No. 450. Read the following Proceedings of the Board of Revenue, dated 16th April 1868 :—

Read the following letter from the Acting Collector of Nellore, to the Secretary to the Board of Revenue, dated Nellore, 11th April 1868, No. 1,023.

1. I have the honor to submit the season report of this district for the week ending 4th April.
2. *Rain.*—None.
3. *State of crops.*—In Gudur and Nellore talooks a large extent of the wet cultivation has withered this year. This is now being carefully inspected. The dry crops have been harvested throughout the greater part of the district. In Kavali the paddy crops are being threshed. In Kanigiri the well land cultivation continues promising.
4. *Prices.*—With slight fluctuations continue the same as last week, as is shown in the statement hereunder given.

*Proceedings of the Madras Government, Revenue Department,
21st April 1868.*

*Proceedings of the Madras Government, Revenue Department,
21st April 1868.*

5. *Public health.*—Generally good. Small-pox and ague still exist in some of the district.
6. *Cattle disease.*—Exists more or less in most talooks, but not of such a fatal as has been prevalent during the previous months. Strenuous efforts are made to carry out the principle of segregation. The remedies supplied by Chacker are reported to have been very successful in the Gudur talook, and to given the people much confidence in their use.

Submitted for the information of Government.
