*Proceedings of the Madras Government, Revenue Department,  
28th April 1868.*

No. 613. Read the following letter from the Sub-Secretary to the Board of Revenue, to the Secretary to Government, Revenue Department, Fort St. George, dated Madras, 20th April 1868, No. 2,924 :—

1. With reference to Government Order dated 21st February 1868, No. 490, I am directed to report that, under the arrangements hitherto in force, salt sold by export has been placed on board the vessels by Government officials.

2. In Board's Proceedings, dated 29th August 1866, No. 6,160, the Board in reporting on the revision of the price of salt sold for export recommended, amongst other changes, that the exporters should be left to make their own arrangements for shipping the salt; and in Government Order dated 13th November 1866, No. 3,073, the Government "deemed it advisable" that this should be done, but the Board did not understand that this part of the system more especially was to be introduced immediately, or before the arrangements were complete.

3. The Board's first proposals on the subject were reviewed in Government Order dated 10th January 1867, No. 71. Much correspondence took place before the details referred to in that order could be settled; but a notification was framed in Board's Proceedings, dated 16th March 1868, No. 1,890, under which the new system will be in force from the 1st proximo. It has already been submitted to Government.

No. 614. ORDER THEREON, 28th April 1868, No. 1,134.
