Proceedings of the Board of Revenue, dated 15th February 1868, No. 1,126.
Read the following letter from Messrs. DYMES and Co., to the Secretary to the Board of Revenue, dated Madras, 10th February 1868.

1. We have the honor to inform you that we have recently purchased, from Mr. F. G. Shaw, of the Remount Depot, Oosoor, an experimental Silk-worm factory and Mulberry Gardens, which he had made for amusement near Oosoor, and that the business will in future be carried on by a Company under limited liability. It is the intention of our Company to extend its operation considerably, and now venture to hope that the countenance of Government will be given to the Company which is starting an entirely new branch of industry in this Presidency.

2. We are not yet prepared to state what our requirements will be, but deem it advisable to bring the above facts to notice, as we understand that Mr. De Vecchy is thinking of applying for the assistance of Government to enable him to establish a similar factory to ours and in the district.

3. We have, therefore, simply the honor to request that we may again be allowed to address Government on this subject before Mr. De Vecchy's proposals are finally dealt with.

4. As we do not know through what channel Mr. De Vecchy will submit his proposition, we have forwarded a copy of this letter to W. Hudleston Esq., Secretary to Government.

The Board are always glad to hear of any undertaking which is calculated to develop the resources of the country, and Messrs. Dymes and Co. may rely upon their countenance. Messrs. Dymes and Co. must, however, be aware, that for some years past it has not been the policy of Government to give any direct support to any commercial undertaking.

We have the honor to inform you that we have recently purchased from Mr. J. G. It is the intention of our Board to take its operations considered by us and we trust that the Committee of Government will be to the Company which is starting on its way and we are of including in this Provision.

We are not yet prepared to take up a permanent right of way, but when it is decided to be done we shall be willing to make a contribution. We are also thinking of applying for the right of way in the parish of St. Andrew and the adjoining parishes, which he had made for a road to be a road and that the land within the road be carried on by a company under limited liability.
