*Proceedings of the Madras Government, Revenue Department,
30th April 1868.*

No. 680. Read the following Proceedings of the Board of Revenue, dated 15th April 1868, No. 2,712.

Read the following letter from the Collector of Madura, to the Secretary to the Board of Revenue, dated 11th March 1868, No. 60:—

1. I have the honor to submit, herewith, for the sanction of Government, a plan and estimate* of Rupees 620, for adding a room to the Talook Catcherry at Melur. Much inconvenience is at present felt by the Tahsildar from want of a proper accommodation to hold his office in.

2. Copy of a letter, addressed to me by the Superintending Engineer, as to the desirability of adding a room to the Talook Catcherry, is enclosed for the Board's information.

From the Officiating Superintending Engineer, 8th Division, to the Collector of Madura, dated 5th February 1868, No. 2,253.

1. With reference to your letter, No. 1,317, of the 26th August 1867, I have the honor to forward a plan and estimate of Rupees 620, for adding to the Madur Talook Catcherry a room for the Tahsildar to hold his office in. This new room will join on to and include a portion of the front wall of the Catcherry, to make up sufficient accommodation for the Tahsildar. A well will be made on two sides, according to the Tahsildar's wish, with a view to obtain some degree of privacy. This does not improve the ventilation of the place, but a street runs along one side, and the open space on the other side is liable to be crowded with people, who would be looking in and talking at the windows and distracting the Tahsildar at his work.

2. The Catcherry at Melur will, I suppose, make way some day for a new building on the same plan, but as there are worse Catcheries in other talooks, this one may be kept on for two or three years more, and it will be worth while to have the new room built to afford the required accommodation in the meantime.

ENCLOSURE No. 2.—Plan.

ENCLOSURE No. 3.—Estimate.

ENCLOSURE No. 4.—Specification.

The estimate, amounting to Rupees 620, will be submitted for the sanction of Government, as the Board consider that an additional room to the Talook Catcherry is necessary. The cost should be provided from the Imperial Funds.

No. 681. ORDER THEREON, 30th April 1868, No. 1,197.

Approved

1. The work is approved.

2. The cost is approved.

Orders will be issued to the Departmental Engineer, as to the execution of the work. The cost of the work will be paid out of the Imperial Funds, and the cost of the work will be paid out of the Imperial Funds.
