*Proceedings of the Madras Government, Revenue Department,
5th May 1868.*

Read the following papers:—

No. 93. From the Acting Collector of Trichinopoly, to the Chief Secretary to Government, Fort St. George, dated Trichinopoly, 28th February 1868, No. 9.

1. In forwarding the accompanying copy of Resolution which was passed at a Meeting of the Trichinopoly Municipality held on the 24th instant, I have the honor to state that I see no objection to transfer to the Municipality of the two items of revenue applied for, which have been hitherto credited to the District Road Fund.

2. The fisheries of the several tanks situated in the town is a precarious item, only realized in years in which the tanks are cleared out, this used to be done from the District Road Funds. As the expense will hereafter devolve on the Municipality, they have a fair claim to the revenue derivable from it in future.

3. The rent of the grass in the fort moat was sold for Rupees 1,865 for the current Fusly ending on the 30th June 1868. As the town roads (for the repair of which it used to be appropriated) have been in the charge of the Municipality since November 1866, this source of revenue should, I think, likewise be made over to them, together with any sums already collected on account of it during the current Fusly.

Extract from the Proceedings of the Municipal Commissioners for the Town of Trichinopoly, dated 24th February 1868.

That the proceeds derived from grazing rents and fisheries within the Municipality, hitherto credited to the District Road Fund under "Local Fund," be now transferred to the Municipality, together with the collections made during the current Fusly.
