Read the following letter from the Collector of Tinnevely, to the Secretary to the Board of Revenue, dated 13th December 1867, No. 689.

With reference to the Board's Proceedings No. 7,791, dated 29th ultimo, I have the honor to inform you that I reported on the damage done in the valley of the Tambrapurni by the fresh of the 31st October in my letter of the 12th ultimo; the further damage, alluded to by the Superintending Engineer in his letter referred for report, was principally among the rain-fed tanks of Nanguneri where the soil is light, and any unusual downpour is sure to cause numerous breaches; thirty estimates for emergent repairs have been submitted by the Range Officer, and the total damage done in Nanguneri may be set down at from 2,000 to 3,000 Rupees; the main trunk road will be repaired from funds liberated from the Imperial Budget this year.

Submitted for the information of Government, with reference to Government Orders, dated 25th November 1867, No. 2,797, and 2nd December 1867, No. 2,862, Revenue Department.
