Proceedings of the Madras Government, Revenue Department, 13th May 1868.

No. 297. Read the following letter from J. BROUGHTON, Esq., Quinologist to Government, to the Secretary to Government, Revenue Department, Fort St. George, dated Ootacamund, 2nd May 1868 :—

1. I have the honor to state that being desirous of verifying some recent results that I have obtained in my investigations of the Chinchona bark, I propose to delay reporting until this is done.

2. The fact which has been for some time under my notice, that bark carefully removed will renew itself without external application, appears to me to be of sufficient interest to permit of some delay for the purpose of repeating the analyses of the bark so renewed. Other results, of whose completion I am desirous, will render a short delay advisable before communicating them to Government.

3. As Government have hitherto allowed me considerable latitude in the periodicity of my reports, it may probably not be necessary to bring this matter further under their notice; and unless I am informed that the close of the official year renders a report necessary, I shall use the privilege of discretionary delay.

No. 298. ORDER THEREON, 13th May 1868, No. 1,328.

Miscellaneous.

1. The Government wish to receive from Mr. Broughton a brief abstract resumé of his operations during the past year, for inclusion in their Annual Administration Report.

2. They have no wish to hurry him in the matter of his occasional progress reports.

(True Extract.)

Secretary to Government.
