Proceedings of the Madras Government, Revenue Department, 14th May 1868.

No. 341. Read the following Proceedings of the Board of Revenue, dated 15th April 1868, No. 2,717.

Read the following letter from the Collector of Tinnevelly, to the Secretary to the Board of Revenue, dated 13th February 1868, No. 63 :—

1. In reply to the Board's Proceedings, No. 633, dated 27th ultimo, I have the honor to recommend that all the works yet proposed from the Chuttrum Endowment Fund, may be carried out by the Department of Public Works, with the following exceptions, which I will see carried out myself:—

Construction of a choultry at Streevaiguntum.

Repair of Kotur choultry.

Repair of several Muntapams and wells on road between Tinnevelly and Tenkasi.

2. The estimate for the Streevaiguntum choultry* is herewith submitted for sanction ; the site has been selected, and a bandy-pettah is in course of construction close by.

* With a plan.

3. A Government choultry at Tuticorin is no longer needed, as, since the date of my first letter on the subject, Pachai Perumal Chetty, a merchant of Tuticorin, has nearly completed a handsome choultry estimated to cost 6,000 Rupees, and has agreed to still further enlarge it so as to afford accommodation for all classes. The amount of the estimate for the Government choultry (12,000 Rupees) will thus be available for the construction of a choultry at Gengundan on the Madras trunk road, and the repair of several Muntapams and wells along the line. I will submit estimates for these works hereafter.

Enclosure No. 1.—Plan.

Enclosure No. 2.—Estimate.

---

1. The estimate for the Streevaiguntum choultry, amounting to Rupees 3,180, will be submitted for the sanction of Government, the cost being met from the Endowment Fund.

2. The Collector will clearly state what works are intended to be carried out by the Public Works Department from the Endowment Fund, in order that the necessary transfer be made for the sums required in 1868-69.

3. The Board request permission to give the thanks of Government to Pachai Perumal Chetty.

No. 342. Order thereon, 14th May 1868.

Local Funds, No. 5.

1. The Government sanction the amount of the estimate for this work as stated by the Board, viz., Rupees 3,180, but they infer from the estimate that this provides for only one-half of the choultry,

and that it is intended to erect two detached buildings on opposite sides of a road on a uniform plan.

2. The charge is debitable to Local Funds.

3. The Board are authorized to convey the thanks of Government to Pachai Perumal Chetty, of Tuticorin, for his liberality. The Collector will consider the propriety of recommending the usual endowment in land for the choultry.
