*Proceedings of the Madras Government, Revenue Department,*
*16th May* 1868.

No. 400. Read the following Proceedings of the Board of Revenue, dated 9th May 1868, No. 3,435.

Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated 21st April 1868, No. 312 :—

1. With reference to Government Orders, as per margin, I have the honor to request that the Government will be pleased to make a grant of a sum of Rupees 6,100, from the reserve under "Communication," to admit of the re-metalling of the road between Vellore and the Railway station of Cautpaudy in the North Arcot district.

No. 20, dated 6th January 1865.
„ 370, „ 31st „ 1866.

2. The demand for this work was stated in January 1866 to be urgent. The road has since then deteriorated more, and was, when I inspected it lately, in very bad order. The maintenance grant (Rupees 614 on four miles) allowed for it, which has always been insufficient, will not be totally so, and to expend it without first re-metalling the road would be fruitless. The traffic is enormous.

3. I shall include the item in the list of sanctioned works requiring to be provided with funds shortly to be submitted with the lists of incomplete works, &c.

---

Transferred to the Revenue Department, the road in question being a Local Fund line.

---

Communicated to the Acting Collector of North Arcot, who will include the work referred to by the Superintending Engineer in the list of incomplete works, called for in paragraph 8 of the Board's Proceedings, dated 16th March 1868, No. 1,897.
