Read the following letter from the Collector of Tanjore, to the Secretary to the Board of Revenue, dated Vallum, Tanjore talook, 27th March 1868, No. 73 :—

1. With reference to the Board's Proceedings, dated 13th December 1867, No. 8,038, I have the honor to submit, herewith, an estimate, amounting to Rupees 2,840, received from the Superintending Engineer, 6th Division, for connecting the straight cut of the Kaduvayar with the salt-pans at Negapatam, together with a sketch shewing the line of the proposed canal and plans for two surplus sluices.

2. The usefulness of this measure has been so fully stated in my letter, dated 6th November 1867, No. 214, recorded in the Board's Proceedings under reply, that I have nothing further to add on the subject.

3. I have the honor, therefore, to request that the Board will be pleased to submit, with their approval, the plans and estimate for the sanction of Government.

4. In the Budget for 1868-69, Rupees 2,350 have been provided under "Petty Construction and Repairs," and the difference between this sum and the amount of the estimate, namely, Rupees 490, will be met by transfer from some other estimate of less importance. Thus, the full amount of the estimate, Rupees 2,840, will be provided in the revised list of Petty Construction and Repair, to be submitted in the beginning of April next, in pursuance of the Board's Proceedings, dated 1st February 1868, No. 1,409.
