Proceedings of the Madras Government, Revenue Department, 23rd May 1868.

No. 570. Read the following Proceedings of the Board of Revenue, dated 9th May 1868, No. 3,454.

Read the following letter from the Acting Sub-Collector in charge of the Godavery District, to the Secretary to the Board of Revenue, dated Cocanada, 20th April 1868, No. 80:—

The Tahsildar of the Ramachendrapur talook reports to me that one Kandukuri Basavarazu, Zemindar of Wurlam estate, in the Ganjam district, has offered to dig a tank at his own cost for drinking purposes in the village of Ramachendrapur, which is the Tahsildar's station. The villagers request that a Zirayati field, No. 479, may be granted free of assessment for this purpose. It is a wet field, situated close to the village, of the extent of A. 3 and C. 3, assessed at Rupees 21-4-0, inclusive of water-tax. The Puttadars of the land have agreed to give it up for the tank. I understand that the tank is urgently wanted for good water for drinking purposes. The cost for digging the tank and building sluices for getting canal water into it will be about 2,000 Rupees. As Basavarazu, who is not a native of this district, will so liberally contribute the whole amount for the benefit of the inhabitants of Ramachendrapur, I request that the Board will be pleased to obtain permission of Government for giving the abovementioned Zirayati field free of assessment.

Submitted for the sanction of Government.

No. 571. ORDER THEREON, 23rd May 1868, No. 1,455.

Miscellaneous.

The Government grant the site for the proposed tank.
