*Proceedings of the Madras Government, Revenue Department,
26th May 1868.*

No. 580. Read the following Proceedings of the Board of Revenue, dated 18th May 1868, No. 3,666.

Read the following Proceedings of the Madras Government, dated 21st April 1868, No. 1,051, Revenue Department:—

ABSTRACT.—Stating that the Superintending Engineer, 7th Division, will be instructed to provide funds for monsoon repairs to Revenue buildings of Malabar district, and desiring the Board to consider whether such charges should not hereafter be included in the Revenue Budget.

1. The Board observe, with reference to paragraph 2 of the foregoing Order, that under "Petty Construction and Repairs" in the Revenue Budget, a provision of Rupees 300 is now made for sundry repairs to Revenue buildings, but there is no reason why all ordinary repairs to these buildings should not be provided for in the Revenue Budget.

2. Charges for raising and erecting pandals are, at present, incurred in some districts, and included in the Land Revenue Contingent bill, previous sanction of the Board being obtained if the estimated cost is to exceed 10 Rupees in each case. The Board are of opinion that these charges, too, may properly be provided for under "Petty Construction and Repairs."

3. If the Government approve of these works being included in the Revenue Budget in future, the necessary instructions will be issued to Collectors.

No. 581. ORDER THEREON, 26th May 1868, No. 1,460.

Miscellaneous.

The Government approve of provision being made in the Revenue Budget under "Petty Construction and Repairs"

for renewal of pandals, and for such petty repairs to Revenue buildings as can be executed under the supervision of Revenue officers without the assistance of the Department Public Works.
