Proceedings of the Madras Government, Revenue Department,
1st June 1868.

No. 1. Read the following Proceedings of the Board of Revenue, dated 20th May 1868.

Read the following:—

Season Report of the North Arcot District for the week ending 18*th May.*

1. SEASON.—Somewhat more promising.

2. RAIN-FALL.—Heavy showers in a few localities, as reported by telegraph. Lighter showers in others. In the most favored villages agricultural operations have been resumed in consequence.

3. MARKETS.—On the whole well supplied.

4. PRICES.—Stationary.

5. PUBLIC HEALTH.—Generally very good.

6. PASTURAGE.—Still very scarce. Murrain prevalent in parts of Arcot and Poloor talooks.

7. WATER-SUPPLY.—Generally deficient; varies very much according to locality. Parts of Palamanair and Punganoor, where the want was most pressing, are now better off than the rest of the district, owing to the rain having been heavy enough to partially supply some of the tanks.

8. In very many places the supply is sufficient, and causes no apprehension. In others it is precarious. In some there is an immediate scarcity. These last cases are met successfully by special efforts. Very contradictory reports are received from different sources regarding the same localities; and in some marked instances, the scarcity has been proved to have been much exaggerated.
