Proceedings of the Madras Government, Public Department, 23rd May 1868.

No. 182. Read the following letter from the Acting Collector, Madras District, to the Chief Secretary to Government, Fort Saint George; dated Sydapet, 2nd May 1868, No. 78.

With reference to the Order of Government, dated 12th February last, No. 170, I have the honor to state that the sites recommended by the Municipal Commissioners for two rubbish shoots, in lieu of the existing ones, were inspected by the Deputy Collectors of Madras and Salt, and that neither of them approves of the choice, as the sites are not far removed from the Elephant Gate and Basin Bridge roads, both of which are not a little frequented by the people. But they recommend two other sites, marked B and B[1] in the plan. Colonel Denison, who was consulted in regard to this choice, approves of it, but with a slight modification in that he wishes the site B[1] be abandoned, and site A selected; because the Gobra tank, on whose bank the former is situated, is reserved as a basin for passenger-boats. I also approve of this choice, and would, therefore, recommend it for the sanction of Government.

2. The cost of erecting two shoots at the spots now chosen is estimated by Colonel Denison at Rupees 1791-15-0, and he wishes the accompanying estimates for the above sum be substituted for the one submitted by him on the 29th January last, which is for Rupees 2026-6-0.

No. 183. ORDER THEREON, 23rd May 1868, No. 631.

[illegible] submitted for rubbish shoots, in lieu of those at present in use, and sanctions the construction of two new platforms at the estimated outlay of Rupees (1791-15-0) one thousand seven hundred and ninety-one, and Annas fifteen.
