(Here enter No. 22, dated 29th April 1868.)

No. 752. From the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Cuddalore, 2nd May 1868, No. 29.

1. I have the honor to inform you, with reference to your Memorandum of the 29th April, No. 57, that the returns therein called for were submitted on that date.

2. I take the opportunity to bring to the notice of Government, that the Executive Engineer of Bangalore has just reported that the grants in the current year's Budget for the works noted in the margin are not now required, and are available for transfer to other works at that station.

	Rs.
Three Staff Serjeants' quarters for Horse Artillery. Budget Item No. 27, allotment	12,000
Lavatories for women. Items No. 29, 36, and 43, allotment	9,800
Total...	21,800

3. The Military authorities at the station are of opinion that quarters for the Staff Serjeants can be provided in some of the buildings of the Horse Artillery, that will be available when the Hospital is accommodated on the Race Course. The lavatories appear to have been condemned by a Military Committee convened on the 3rd March 1868 by Order of His Excellency the Commander-in-Chief. They observe, "that it would not be advisable, on sanitary grounds, to add any buildings to the present quarters, by constructing separate privies or bathing rooms;" and recommend "that the passage leading from the main room into the yard "should be asphalted, and supplied with a pipe to carry off the water, and used as "a bathing room by the occupants."

4. Under these circumstances, I beg to suggest that the grants for the said two works may be transferred to the Soojee Mill and Bakery, for the completion of which Rupees 28,543 are required.

5. In South Arcot the full amount of the estimate for the improvement of the supply-channel from the Ragavien channel for the Poodoopoliem tank, sanctioned in G. O. No. 3,901, dated 11th December 1866, was expended last year, that is Rupees 2,830 above the computed expenditure entered in the Budget; and this sum was accordingly exhibited against the work in column 7 of my Statement No. III. But when the work was being carried out, some additional works were found necessary, and an excess of Rupees 440 has been incurred. The current year's grant for the work will have, therefore, to meet the said sum of Rupees 440.

No. 753. From the Superintending Engineer, 6th Division.

No. 754. Do. do. 6th Division.
(Here enter No. 131, dated 9th May 1868.)

No. 755. Do. do. 7th Division.
(Here enter, dated 4th May 1868.)

No. 756. Do. do. 7th Division.
(Here enter, dated 11th May 1868.)

No. 757. From the Special Executive Engineer, Wynaad.
(Here enter, dated 11th May 1868.)

No. 758. From the Superintending Engineer, 8th Division.
(Here enter, dated 21st April 1868.)

No. 759. ORDER THEREON, 29th May 1868, No. 1,715.

ACCOUNT, No. 64.

1. With these letters, the Superintending Engineers submit the following annual Returns—

I.—Of incomplete new works for which no funds are provided in the Budget.

II.—Of new works which have not yet been commenced, but which are recommended to be undertaken from the current year's Reserve.

III.—Of transfers from Budget works for which funds in excess of actual requirements have been provided.

2. The Government regret to observe that very great and unnecessary delay has been permitted to occur in the submission of these Statements, which are expected to reach the Government Office by the 15th April of each year. In no single instance on the present occasion have the orders of Government in this particular been attended to, and in some cases indeed the returns were not received till the middle of May, or a month after the appointed date. His Excellency in Council requests that the Superintending Engineers will take measures to ensure the more punctual submission of future annual Returns.

3. Some of the Superintending Engineers have entered in Statement I. works upon which no outlay has yet been incurred. These items should clearly have been inserted in Statement II.

Proceedings of the Madras Government, Public Works Department,
29th May 1868.

4. In Statement No. I. for the 6th and 7th Divisions, the Superintending Engineers have entered *Budget* works for which additional funds are required These entries are irregular, and should be avoided in future, special applications being made towards the close of the year for such supplementary assignments as may be considered necessary. The particular attention of the Superintending Engineers of the 3rd and 6th Divisions will be called to paragraph 2 of Memorandum 52, of the 28th March 1867, under which columns 4, 5, and 6 of Statement No. I should have been omitted.

5. In Statement No. II. funds are applied for on account of new works, for which the requisite plans and estimates have not yet been furnished, or for the commencement of which no authority is quoted. As demands of this nature only tend to create confusion, and cannot possibly be attended to, it is requested that the entries in future statements may be confined to works for which distinct sanctions have been accorded, or estimates submitted for the consideration of Government.

6. With respect to Statement No. III, the Government note that some of the Superintending Engineers have entered every work in their respective Divisions for which money is allotted in the Budget. This is unnecessary, all that is wanted being a list of works for which funds in excess of actual requirements have been provided, accompanied by proposals for the utilization of such excesses upon other Budget works for which inadequate allotments have been made.

7. The demands of the Superintending Engineers in Statements Nos. I. and II. as contrasted with the balances remaining to the credit of the Reserve at the disposal of Government, are noted below:—

Budget heads.	Demands.			Balance of Reserve at the disposal of Government.
	Incomplete Works.	New works not yet commenced.	Total of two previous columns.	
	Rs.	Rs.	Rs.	Rs.
Military	71,322	2,31,869	3,03,191	73,527

9. In the above distribution, the Superintending Engineers' applications for grants not exceeding Rupees 500 each on account of incomplete works have been disregarded. The expenditure in all these cases will be* adjusted in the manner indicated in paragraph 90, Section II. of the Manual of Public Works Accounts, but care should be taken that the sanction of Government is obtained to all excesses over estimates of more than 5 per cent. The only new works entered in Statement II. for which the Government have been able to provide funds with a view to their immediate execution are those detailed below. The sums allotted for these works from the Reserve are entered opposite to each:—

* See G. O. No. 1,955, dated 2nd July 1867.

11. On the recommendation of the Superintending Engineer of the 3rd Division, His Excellency the Governor in Council authorizes the transfer to the Bellary and Kurnool Districts of the grants marginally entered, and sanctions the immediate execution of the undermentioned works from the funds noted opposite to each :—

From	*To*	Rs.
Cuddapah.	Kurnool.—Allotment for Minor New Works under "Military."	1,000
Do.	Bellary.—Portion of do. "Civil Buildings"	140

	Rs.	
Bellary.—Constructing a road dam from Codatany to Kumply. Estimate Rupees 1,600, sanctioned in G. O. No. 2,352, dated 3rd August 1867 ...	1,600	From the District allotment for Minor New Works under "Communications."
Do. a road dam across the Mootlapooram Vunkah on Trunk Road No. XII. Estimate Rupees 1,100, sanctioned in G. O. No. 1,556, dated 23rd May 1867	1,100	
Do. compound wall to the Garrison Serjeant Major's quarters at Bellary. Estimate Rs. 460, sanctioned in G. O. No. 173, dated 20th January 1868	460	Do. under "Military."
Do. Improving ventilation and converting a portion of the Record-room attached to the Collector's Cutcherry at Bellary into a Printing Office. Estimate Rupees 640, sanctioned in G. O. No. 3,449, dated 6th November 1867	640	Do. under "Civil Buildings."
Kurnool—Demolishing the wall north of the Military Hospital and filling in pools. Estimate Rupees 860, sanctioned in G. O. No. 3,171, dated 14th October 1867	860	Do. under "Military."
Do. Do. Glacis and Bastion in rear of Major Lateward's premises. Estimate Rupees 776, sanctioned in do.	776	
Do.—Opening windows in the eastern and western walls of the Cholera ward and bath-room of Military Hospital. Estimate Rupees 170, sanctioned in do.	170	
Do.—Constructing a dead-room for do. Estimate Rupees 650, sanctioned in do.	650	

12. Estimates should be submitted at an early date for the works detailed below.—

Kistna.—Improvements to the Rapally Talook Cutcherry. Revised Estimate.

Presidency.—New Wards for the Leper Hospital.

Do. Laying bed for the boiler in the Presidency Store and Workshop at Chepauk.

Do. Iron rails and approaches on the South Beach road from the Marine Villa to the Cooum bar bridge.

Coimbatore.—Widening and strengthening the Calingavady channel and improving the Anicut. Supplemental Estimate.

Wynaad.—Post Office at Vythery. Supplemental Estimate.

Do. Earth-work and bridges between Luckady and Vythery. Supplemental Estimate.

Do. Bridge over the Coonooth river. Supplemental Estimate.

Do. Bridge No. 9 on Terriote road. Supplemental Estimate.

13. Vizagapatam.—The Superintending Engineer of the 1st Division has omitted to add the sum† sanctioned on account of Police guards to the estimate for the Zillah Jail at Vizagapatam.

* Rupees 1,772. See G. O. No. 2,224, dated 24th July 1867.

14. Captain Ryves will observe from the Proceedings of Government, No. 1,406, of the 5th May 1868, that the funds required for the re-construction of the Balacheruvu road will be provided from the Revenue Budget.

15. Presidency.—The Superintending Engineer of the 4th Division applies for a moiety (Rupees 3,488) of the estimated cost of "fencing certain portions of the Cooum river banks." The Government observe that this amount was allotted in

the Order of the 9th March last, No. 787, with special instructions to Colonel Boileau to hand over the money to the Municipal Commissioners.

16. NORTH ARCOT.—The Regiment of Cavalry which was temporarily located at Ranecpet having been removed from that station, the sum of Rupees 6,848 applied for by the Superintending Engineer of the 4th Division on account of drainage works, &c., in connection with the Lines and Stables will not now be required.

17. BANGALORE.—Taking the estimate for the work marginally noted at Rupees 9,630, the Superintending Engineer of the 5th Division applies for a grant of Rupees 955. On reference to the Orders of the 6th July 1866, No. 2,131, and 28th January 1868, No. 297, the Government observe that the aggregate amount sanctioned was Rupees 9,624, of which Rupees 8,675 having been expended up to the 31st March last, the balance now to be provided is only Rupees 949.

Two blocks, each containing one bowling and one skittle alley for the Artillery on the Race Course.

18. COIMBATORE.—The Government note that a sum of Rupees 1,712 was expended during the past official year on the "quarters for Rest-house Superintendent, with rooms for stores and tents, at Errode." The Superintending Engineer of the 7th Division will explain under what authority this outlay has been incurred, seeing that the plan and estimate for the work are still under the consideration of the Government of India.

19. The Superintending Engineers of the 6th and 7th Divisions apply for an appropriation of funds for the construction of new Talook Cutcherries at Dharapooram and Mayaveram in the Coimbatore and Tanjore districts respectively. The attention of these Officers will be called to the Order of the 18th November last, No. 3,552, and they will be requested to submit revised estimates for the buildings in question, prepared in strict accordance with the standard designs which received the approval of Government in Judicial Proceedings under date the 6th [illegible] No. 1,774.

20. The grants sanctioned from the Reserve in these Proceedings are as follows :—

Proceedings of the Madras Government, Public Works Department,
29th May 1868.

21. With a view to the adjustment of the excess of Rupees 18,209 which has been appropriated in these orders from the Reserve under "Communications," His Excellency in Council resolves to direct that a corresponding sum be transferred to the credit of that head from the Reserve under "Civil Buildings."

22. The balance which now remains at the disposal of Government is Rupees 23,275, of which Rupees 6,999 appertain to the Reserve under "Military," and the remainder, viz. Rupees 16,276, to that under "Agricultural." To prevent delay and disappointment, Superintending Engineers are requested, in hereafter submitting estimates for the approval of Government, to show distinctly in what manner the funds needed for the execution of the works can be provided. Care should be taken, in making these proposals, to avoid transfers which require the sanction of the Government of India.
