Proceedings of the Madras Government. Public Works Department,
1st June 1868.

No. 9. Read the following letter from the Superintending Engineer, 8th Division, to the Chief Engineer for Irrigation Works and Joint Secretary to Government, dated Palamcottah, 25th April 1868, No. 215:—

1. I have the honor to submit, for sanction from the grant for Minor New Works, under the head "Agricultural," plans, specifications, and estimates for the undermentioned works in the district of Tinnevelly:—

2 Abstract Estimates.
2 Specifications.
2 Plans.

		Rs.
1.	Constructing a dam across Daviaur, for supplying the Kummikolum tank	576
2.	Do. do. across Daviaur, for supplying the Nemmany tank	735

2. The amount actually requiring the sanction from the first of the above estimate is Rupees 288, as the proprietor of the Kummikolum tank agrees to defray one-half of the estimated amount.

3. The estimates were prepared last year, but from want of funds they have been kept back.

Recommended for sanction, with the addition of 60 Rupees on each estimate for the construction of a rough stone apron, which will thus make the outlay requiring the sanction of Government Rupees 348 for the first named work, and Rupees 845 for the second.
