Read the following letter from C. N. POCHIN, Esq., Collector of Salem, to the Acting Secretary to the Board of Revenue, dated 20th May 1868, No. 131:—

I have the honour to submit a list of Relief Works proposed for the Darampury talook. They amount to Rupees 3,598. At present there are other works going on in the talook, which give sufficient labour to those in want of it; but if no rain falls there for the next month or so, some further relief will be necessary, and hence the enclosed list is submitted for sanction, so that delay may be prevented hereafter.

Deputy Collector, for Collector.

1. The Collector states that sufficient provision exists for employment of labour on works at present going on, but that if no rain falls for the next month or so, further relief will be necessary.

2. Subsequent to the date of this letter, the Collector has reported by telegraph a good fall of rain; and the Board hope that further relief, in the form of employment of public works, will not be necessary. They submit the Collector's list of works for the conditional sanction of Government, in order that, if the necessity should arise, there may be no delay in commencing them.
