No. 225.

Read the following :—

Season Report for the week ending 1st June 1868.

1. SEASON.—Still improving generally. In some localities there has been no rain, and consequently little or no improvement.

2. RAIN-FALL AND WATER-SUPPLY.—Excepting in Wandewash, partial showers have fallen in every talook and division of the district. In Punganoor in 6 villages ; in Palmanair in 9 ; in Chittoor in 25 ; in Guriyatham in 32 ; in Chendragherry in 9 ; in Vellore in 4 ; and in Karvetinugger in 10 villages. In Poloor, over an area of 8 to 10 square-miles round the Cusbah, at Wallajapett and Arcot, and all along the line of Railway from Arcot to Vellore.

3. In Guriyatham the fall was so heavy that the jungle streams came down, and there was some water in the Palar, which however did not run far. The heaviest fall was, at Vellore itself, reported to be 8 inches. That in Poloor was also heavy. A few tanks and ponds have thus received a supply of water, varying from ten to thirty days, but the springs in the wells generally have not been affected, and are gradually getting lower. Agricultural operations are, however, generally in progress, and consequently the demand for other work has greatly diminished.

MARKETS.—Well supplied generally.

PRICES.—Stationary.

PUBLIC HEALTH.—Still very good.

PASTURE.—Still very scarce but improving. Some Murrain in Poloor and Arcot.
