*Proceedings of the Madras Government, Public Works Department,
16th January 1868.*

No. 264. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 14th January 1868, No. 3,810:—

1. With reference to paragraph 2 of the Orders of Government No. 3,844, dated 10th December 1867, I have the honor to submit the following Statement, from which it will be seen that a further sum of Rupees 41,000 may be safely set free from Establishments for appropriation to other heads of service:—

Expenditure on Establishments from 1st April to 31st October 1867	rs. 10,24,730
Probable outlay on do. for the remaining five months of the current official year... ..	7,31,950
Salary of Chief Engineer for Irrigation, extra Covenanted Civil Engineers, &c., &c., for do. do.	15,000
Present estimate of the total cost of Establishments for the official year 1867-68... ..	17,71,680
Deduct proportion of charge to be debited to Local Funds as per Budget Orders	47,000
Second expenditure on Local Fund works from 1st April to 31st October 1867	4,25,062
Probable outlay on do. for remaining five months of the current official year, based on the expenditure of Rupees 1,00,510 in October 1867... ..	5,02,550
	<u>9,27,612</u>
Ten per cent. on do. minus the sum of Rupees 47,000 shown above	45,760
Present estimate of the total charge to Imperial Funds for Establishments up to 31st March 1868	16,78,920
Budget Grant for Establishments	18,20,000
Present estimate of saving from Budget Grant	1,41,080
Amount appropriated in G. O. No. 3,844, dated 10th December 1867	1,00,000
Estimate of balance available for appropriation to works.	<u>41,080</u>

*Proceedings of the Madras Government, Public Works Department,
16th January 1868.*

Months.	Local Fund grant as it stood on the 1st of each month.	Expenditure on the 1st of each month.
1867.	RS.	RS.
April	4,67,092	...
May... ..	4,73,514	32,732
June	5,09,884	93,252
July... ..	5,71,472	1,42,131
August	5,76,849	1,91,747
September	8,05,795	2,58,910
October	12,88,856	3,24,552
November	15,70,205	4,25,062
December	16,73,833	The accounts of expenditure of these two months have not yet been received.
1868.		
January... ..	16,74,321	

2. The marginal note will show that the available Local Funds at the disposal of the Public Works Department have been increased from Rupees 4,67,092 on the 1st April 1867 to Rupees 12,88,856 on the 1st October, and Rs. 16,74,321 on the 1st January following. From the accounts received in this Office, it appears that the aggregate expenditure from this source during the first six months of the year was Rupees 3,24,552, and, looking to the unusually large assignments made for Imperial works, it is not certain that the outlay from Local Funds during the remaining half of the

year will be at a higher rate per mensem than Rupees 1,00,510, the sum spent in October last. It is upon this data that the total expenditure from other than Imperial Funds has been assumed at Rupees 9,27,612, (as shown in the above Statement,) which I consider to be as accurate an approximation as it is now possible to make.

No. 265.

ORDER THEREON, 16th January 1868, No. 137.

ACCOUNTS, No. 32.

1. In this letter the Controller of Public Works Accounts reports that a further sum of Rupees 41,000 can be set free from the Imperial allotment for Establishments for appropriation to other heads of service.

2. The Government of India having, however, recently sanctioned an augmentation of the Executive Establishment of this Presidency to the extent noted in the margin, it is necessary that provision should be made for this increase of charge, and the Government accordingly resolve to appropriate at present only Rupees 30,000 of the amount surrendered by the Controller, leaving the balance of Rupees 11,000 to the credit of the grant for Establishments.

3. Subject to the approval of the Government of India, His Excellency the Governor in Council directs that the sum of Rupees 30,000 above referred to be transferred to the credit of the Reserve under "Civil Buildings," and that the following appropriations be made from that source.
