Proceedings of the Board of Revenue.

dated 8th June 1868.

Read the following:—

No 241.

From

R. H. Puckle Esq^r
Collector.

To

S. Macgregor Esq^r
Acting Secretary to the Board of Revenue.
Fort Saint George.

Sir,

I have the honor to report
a steady and continuous down pour.
There has been much thunder and
lightening lately, and heavy showers—
have fallen with the wind from the
north; this morning however rain set
in at day light and has continued
throughout the day almost without
intermission. It is still raining and
from the leaden appearance of the
sky and the entire absence of
winds

winds, the rain must be general. It has nothing to do with the south west monsoon but came up from the north and the clouds still pass over from that direction - rain is just now most opportune to enable the ryots to sow. the river is rising and may be expected in flood tomorrow, unfortunately all the main channels were under repair, and the work is not completed.

1694
15.6.68

2 I returned from Struwigundam last night. the new head sluice and channel are so far completed that water may be let in this week. I will telegraph the rainfall and rise of the river. there is a great want of improved rain gauges in this district and I shall be glad, if the Board can supply me with twenty.

Simunelly }
2nd June 1868 }

I have &c.
(Signed) R. H. Puckle.
Collector.
