Proceedings of the Madras Government, Revenue Department,
15th June 1868.

No. 350. Read the following Proceedings of the Board of Revenue, dated 8th June 1868.

Read the following letter from the Collector of Tinnevely, to the Acting Secretary to the Board of Revenue, dated Tinnevely, 2nd June 1868, No. 241 :—

1. I have the honor to report a steady and continuous down-pour. There has been much thunder and lightning lately, and heavy showers have fallen with the wind from the north; this morning, however, rain set in at day-light, and has continued throughout the day almost without intermission. It is still raining, and from the leaden appearance of the sky and the entire absence of wind the rain must be general. It has nothing to do with the south-west monsoon, but came up from the north, and the clouds still pass over from that direction; rain is just now most opportune to enable the ryots to sow; the river is rising and may be expected in flood to-morrow; unfortunately all the main channels were under repair, and the work is not completed.

2. I returned from Strivaigundam last night; the new head-sluice and channel are so far completed that water may be let in this week. I will telegraph the rain-fall and rise of the river; there is a great want of improved rain-gauges in this district, and I shall be glad if the Board can supply me with twenty.

1. Submitted for the information of Government.

2. The Collector's application for rain-gauges will be attended to as soon as the gauges made up at the stores of the General Superintendent of Stores and Workshops have been tested by the Government Astronomer.

3. Mr. Pogson will be again requested to take the work in hand at an early date.

Board's Procs., 17th December 1867, No. 8,144.

No. 351. ORDER THEREON, 15th June 1868, No. 1,674.

Miscellaneous.

Ordered to be recorded.

(True Extract.)

Proceedings of the Board of Revenue
dated 8th June 1868

Read the following letter

No. 1662

From J. A. C. Boswell Esquire

As Collector of Bellary

To. A. Macgregor Esq.

As Secretary to the Board of Revenue

Madras

Sir,

I have the honor to report on the
State of Season in this District for the
week ending 30th May.

Rain - 2. In some villages of Atmakur
Madayagiri, Ongole, and Kandukur Taluqs there
was some rain. A few tanks in those Taluqs
have received a partial supply of water, and
the anxiety felt in account of the Cattle in
those localities and for water for drinking
purposes is removed.

State of Crops - 3. The harvest has been
concluded. There is nothing calling for special
notice under this head at this season of the
year, as there are no crops on the ground.

Prices - 4. Have continued much the same as last
week with slight changes, as is shown in the
the Statement here under given.

Comparative Statement of the average Prices for the Past
and Present week.
