Proceedings of the Madras Government, Revenue Department, 17th June 1868.

No. 417. Read the following Proceedings of the Board of Revenue, dated 15th June 1868.

Read the following letter from the Acting Collector of Cuddapah, to the Acting Secretary to the Board of Revenue, dated on circuit at Madanapally, 11th June 1868, No. 109 :—

1. I have the honor to report on the state of the season in this district.

2. There was a heavy fall of rain over the whole district on the 4th, 5th, and 6th instant. In some talooks over five inches of rain was gauged on those three days, and nowhere less than between two and three inches has been registered. A few tanks have filled, and many received partial supplies. The large tank at Badwel received a three months' supply. As yet I have only heard of two casualties to tanks, one tank breached at Pallavole in the Proddatur talook, and another at Sadipiralla in Cuddapah talook, neither of them are important works.

3. The health of the people is generally satisfactory, and cattle disease is not so prevalent as before the rain.

4. Agricultural operations have commenced, and there is now every prospect of a favorable season. I would request permission, now that the season has declared itself, to discontinue these weekly reports.

Submitted for the information of Government.

No. 418. ORDER THEREON, 17th June 1868, No. 1,706.
