No. 599. Read the following Proceedings of the Board of Revenue, dated 19th June 1868 :—

Read the following letter from the Acting Collector of Nellore, to the Acting Secretary to the Board of Revenue, dated Nellore, 13th June 1868, No. 1,755.

1. I have the honor to report on the state of season, &c., in this district for the week ending 6th June.

2. *Rain.*—A good fall in most talooks. Kanigiri and Gudur are the only exceptions. The Pennar river has been in flood. Most tanks received supplies of water. Owing to the Sarvapalli works not being sufficiently advanced to allow water to pass down the channels to the delta, a good deal of water has been lost. The rain-fall at Nellore, as registered at the Talook Cutcherry, was $8\frac{1}{4}$ inches; as registered by the Department Public Works, 6.70 inches. In Udayagiri there is now said to be plenty of water, and no necessity for sinking wells further.

3. *State of Crops.*—There is nothing to be noticed here. In some localities the ryots have commenced ploughing for dry cultivation.

4. *Prices* have been constant during the week, as is shewn in the Statement subjoined.
