No. 447. *Dated 19th June* 1868, *No.* 1,940.

ACCOUNT, No. 30.

It having been brought to the notice of Government that Officers of the Public Works Department have, in some instances, undertaken the control of expenditure on Salt works for which funds have been specially provided in the Revenue Budget estimates, His Excellency the Governor in Council resolves to call the attention of the Superintending Engineers to the Order of the 2nd November 1867, No. 3,395, and to desire that they will impress upon all Range Officers the necessity for a strict adherence to the instructions which have been issued upon this subject. All payments on account of Salt works, as well as the regulation of the outlay incurred on those works from the Revenue Budget allotment, will rest entirely with the local Revenue authorities, to whom the Officers of the Department Public Works will afford such aid and advice only as may be necessary.
