*Proceedings of the Madras Government, Public Works Department,
19th June 1868.*

No. 468. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 11th June 1868, No. 1,203 :—

1. Adverting to paragraph 2 of G. O., No. 1,716, dated 29th May 1868, and to G. O., No. 1,717, dated 1st June 1868, I have the honor to inform Government that the plans of the Mambaukum Anicut Project were sent to the Chief Engineer for Irrigation on the 1st June 1868, but several corrections being found necessary, they have been returned to the Range Officer for revision.

2. I have never looked hopefully to this scheme, as the Collector of North Arcot does, as it seems to me very doubtful if sufficient water will be found for one-half of the tanks referred to by Mr. Robinson, and no doubt a vast amount of summer-water will be cut off from the tanks under the existing anicut across the same river.

No. 469. ORDER THEREON, 19th June 1868, No. 1,951.

IRRIGATION, No. 27.

Ordered to be recorded.
