Proceedings of the Madras Government, Revenue Department,
13th July 1868.

No. 247. Read the following Proceedings of the Board of Revenue, dated 6th July 1868, No. 4,940.

Read the following letters :—

From the Acting Deputy Collector in charge of the Treasury, Kurnool, to the Collector of Kurnool, dated 21st November 1867, No. 450.

1. In reply to the Board's Memorandum, dated 13th instant calling for an explanation of the difference of 4 Rupees between the Stamp Account furnished to the Superintendent, and the Demand, Collection and Balance Statement for Fusly 1276, I beg to inform you that the sum of Rupees 4 in question was collected in December last by a Sub-Registrar, as penalty under the Registration Act and wrongly credited to Stamps.

2. The mistake was subsequently discovered and pointed out by a remark in the annual account sent to the Superintendent on the 25th July, so that the sum was apparently deducted in his account to the Board. A similar remark was, by oversight, omitted in the Demand, Collection and Balance Statement for June. Hence the difference noticed by the Board.

3. The discrepancy in the Regular Revenue and Miscellaneous Item is owing to the Stamp duty (Rupees 123) collected by Courts with penalty having been included in the Miscellaneous item in the Treasury Account, and Demand, Collection and Balance Statement ; and in the regular revenue in the account submitted to the Superintendent.

4. This mistake has arisen in consequence of there being no particular heading for the item in the Treasury Account, while there is one in the form sent to the Superintendent. From the beginning of the current year, however, great care has been taken to compare both accounts in all the minor items, and include the duty so collected by Court in regular revenue, as a reference to the account for the last few months will shew.

Submitted to the Board with reference to their Official Memorandum, dated 13th November 1867, No. 1,180.

KURNOOL, (Signed) T. A. N. CHASE,
23rd November 1867. *Collector.*

To the Secretary to the Board of Revenue.

From the Collector of Bellary, to the Secretary to the Board of Revenue, dated Camp at Adoni, 27th November 1867, No. 221.

I have the honor to forward copy of a letter to my address from the Treasury Deputy Collector, with a remark appended to the same, affording the explanation called for in the Official Memorandum of the Board of Revenue, dated 13th November 1867, No. 1,182.

From the Deputy Collector in charge of Treasury, Bellary, to the Collector of Bellary, dated 22nd November 1867, No. 2,052.

1. With reference to the accompanying Memorandum from the Board, No. 1,182, dated 13th November 1867, forwarded to me for explanation, I have the honor to annex copy of a note appended to the Jummahbundy Statement, No. 7, for the past Fusly, pointing out how the difference in question arose, and requesting that the necessary alteration be made in the Demand, Collection and Balance Statement for June last.

2. The Demand, Collection and Balance Statement for October 1866, having been prepared and submitted before the Stamp Accounts for the same month, it was found, during the preparation of the latter Statement, that the error in question had crept in in the former Statement. This it was intended to rectify in the Demand, Collection and Balance Statement for the subsequent month, but was inadvertently omitted. It attracted attention, however, during the examination of the Jummahbundy Accounts with the annual Stamp Accounts, and the necessary explanation was afforded by a remark in the Jummahbundy Statement No. 7.

NOTE.—Appended to the Jummahbundy Statement No. 7, for Fusly 1276.

In the Demand, Collection and Balance Statement for October 1866, Rupees 10,208 and 281 were entered as sale of Stamps and Miscellaneous respectively, instead of Rupees 10,160 and 329. It is, therefore, requested that Rupees 1,49,705 and 3,893, entered in the Demand, Collection and Balance Statement for June last, may be altered to Rupees 1,49,657 and 3,941, the difference of one Rupee between this Statement and that of Demand, Collection and Balance is attributable to the figures in the latter being entered in round numbers.

NOTE.—The Collector considers that the error and its correction should have been specially noticed by letter.

Resolved that the foregoing papers, containing explanations on the discrepancies noticed by the Board between the Stamp Superintendent's Returns and the Demand, Collection and Balance Statements for June 1867, be submitted to Government, with reference to paragraph 7 of their Order, dated 16th May 1868, No. 1,375.
