*Proceedings of the Madras Government, Revenue Department,
11th August 1868.*

No. 155. Read the following Proceedings of the Board of Revenue, dated 1st August 1868 :—

Read the following letter from the Collector of Coimbatore, to the Acting Secretary to the Board of Revenue, dated Coimbatore, 14th July 1868, No. 202.

With reference to Proceedings of Madras Government, 11th July 1868, No. 233, and Order thereon, No. 1,940, I have the honor to state that the extension and improvement of the Coimbatore Collector's Cutcherry and Treasury has been the subject of a personal inspection and conference with the Superintending Engineer, who is now engaged in preparing plans and estimates of requirements. The surplus boxes of copper coin are kept within the Treasury building and guard, though outside of the interior railed space.

1. Submitted for the information of Government, with reference to their Order quoted by the Collector.

2. The revision of the Collector's Office accommodation must be a matter of time, and the Board consider that the railed space should be at once enlarged and re-arranged, to admit of the copper coins being shroffed and covered by the same locks and seals as the rest of the cash boxes.

3. It will be difficult to maintain for a lengthened period the responsibility of sentries for the security of individual boxes, of which the contents have not even been tested.

No. 156. ORDER THEREON, 11th August 1868, No. 2,139.

Miscellaneous.

The Board's proposal to enlarge and re-arrange the railed space in the Treasury building of the Coimbatore Collector's Office is approved. Orders will be issued in the Public Works Department for carrying out the alteration immediately.
